A Few Words from the Co-Editor.....

"REMEDY" Vol-XXII is a unique manifestation of the creative expressions, calibres and artistic endeavours of the students of RIMS. It is a journey through the reverberating echelons of a much revered institution, an effort to capture creative prowess....to envision the throb of a pulsating college life. It is the canvas portraying the diverse hues of the limitless horizon of imagination....a glimpse of the sundry moments that left us in awe.

It is indeed an immense pleasure and a privilege for me to be a part of **REMEDY** Vol-XXII, 2011-12, the annual magazine of **REGIONAL INSTITUTE OF MEDICAL SCIENCES**; which 1st time ever spread its' wings & include both **COLLEGE OF NURSING** and **DENTAL COLLEGE**.

I take this special opportunity to extend my gratitude to Prof. S. Sekharjit Singh, Director, RIMS for his consistent encouragement starting from the very beginning by increasing the number of issues from **1000 to 1200**, guidance & financial assistance without which publishing of such an esteemed magazine would not be possible.

I am truly indebted to Prof. R. K. Lenin Singh, Staff Advisor, **REMEDY** for the sustained advices and relentless guidance which he has given round the clock in our endeavour of publishing this brilliant venture.

I am highly grateful to all the Dignitaries for their valuable messages. I would also like to convey my gratitude to the reverer teachers, other staff members and the students who have enriched the content of the magazine. I extend my sincere thanks to Mr. Kh. Krishnan, Managing Director, NEST, and their staff members for their kind and sincere effort in publishing the magazine in time.

Last but not the least, I would like to thank Kiran - for uncountable each and every single thing; Vedant, Nobin, Aadarsh and the entire EDITORIAL BOARD- I really don't have words... you all truly deserve a standing ovation.

We believe that performance only leads to mediocrity while change is the harbinger of distinction. In spite of devoted hard efforts from the EDITORIAL BOARD, we do sincerely apologise for the unintended printing errors.

Hope you all will like the new **Landscape** mode of **REMEDY** this year.

Read, cherish & acknowledge as you go through the pages.....ENJOY!!!
